FORMULA F-10 FOAMKILL is a special, non-oily blend of silicone compounds. Designed to easily disperse unwanted foam and surface scum from ornamental lakes, ponds, streams and fountains.

FORMULA F-10 FOAMKILL eliminates foam and is highly effective in retarding foam formation. FORMULA F-10 FOAMKILL ingredients are completely safe and compatible with all other water treatment products.

DIRECTIONS

SHAKE WELL BEFORE USING

Apply FORMULA F-10 FOAMKILL directly to foamy area. Use as often as needed to prevent foam build up.

KEEP THIS AND ALL OTHER CHEMICALS OUT OF REACH OF CHILDREN FOR THEIR SAFETY
