Formula F-51 SLUDGE REDUCER SUPER CONCENTRATED PELLETS are fortified with specialized bacterial strains that are **high volume** organic waste consumers. Packed with a broad trace mineral base and an organic catalyst, the productivity of the beneficial bacteria in each pellet is dramatically increased. The pellet itself was specially designed to penetrate deep into the sludge so the dose is not consumed in the water column.

Use Formula **F-51 Sludge Reducer Super Concentrated Pellets** to:

- Digest Bottom Sludge
- Eliminate Odor Causing Contaminants
- Reduce Organic Waste in All Types of Water: around Docks, Piers, Coves, Lagoons, Lakes, Streams, Ponds, Beaches and MORE!
- Effectively Manage Sludge Bed

Application Rate -

- 125 pounds F-51 Sludge Reducer Super Concentrated Pellets per Surface Acre Water (3lbs per 1,000 square foot)
- Broadcast F-51 Sludge Reducer Super Concentrated Pellets uniformly over Water's Surface
- Use Two - Six Times per Year
Please Note: Proper aeration will enhance F-51 Sludge Reducer Super Concentrated Pellets' performance

For Optimum Results -

- Use as Directed
- Apply when Ambient Temperature is 50 - 90 degrees F; Dissolved Oxygen Level is over 1.0 ppm; pH is 6 - 8; Alkalinity is less than 100 ppm
- Use within Twelve Months of Purchase

Storage -

Keep this product out of direct sunlight in a cool, dry place.

Size Availability -

5lb Jug - 10lb pail - 25lb pail - 50lb bag in a box - 40 bags/pallet
