

EASY POND™ Liquid Enzymes

A Concentrated Natural Enzyme

Easy Pond™ Liquid Enzymes are fast acting and designed to work in small ponds and water gardens. They emulsify organic waste making it available as a food source for natural beneficial bacteria to consume.

- **Eliminates Odor**
- **Breaks Down Organic Contaminants, Fats, Oils**
- **Stimulates Indigenous Bacteria**
- **Efficiently Clears Cloudy Water**

Net Contents: 16 oz.

KEEP OUT OF REACH OF CHILDREN

EASY POND™ Liquid Enzymes A Concentrated Natural Enzyme

Application Rates:

Dosing is for each 500 gallons of water.

Week 1: Mix 4 oz into 1 gallon of pond water and disperse into pond.

Week 2+: Mix 2 oz into 1 gallon of pond water and disperse into pond.

For Best Results:

Always dilute as directed. Disperse product evenly. Use with other Easy Pond Products as part of a weekly regimen.

How to Estimate Pond Size:

Measure Length (L), Width (W) and average Depth (D) in FEET.

Then multiply for:

Square shaped bodies of water:

$L \times W \times D \times 7.5 =$ approximate gallons.

Circular or Elliptical bodies of water:

$L \times W \times D \times 5.9 =$ approximate gallons.

Net Contents: 16 oz.
