ENVIRO BUFF

General Information: F-25 EnviroBuff when properly applied, will effectively coagulate and flocculate a wide variety of suspended solids. The solids will then drop to the bottom of the water body.

Using F-25 ENVIRO BUFF with Fish: Certain species of fish may be killed during application rates recommended on this label due to gill plugging. If the water to be treated is extremely turbid, extend the application time to reduce the larger particles plugging the gills. Allow sufficient time for the fish to move into untreated areas.

How to Estimate Lake or Pond Size:

Measure Length (L), Width (W) and average Depth (D) in FEET. Then multiply for:

Square shaped bodies of water:
 $L \times W \times D \times 7.5 =$ approximate gallons

Circular or Elliptical bodies of water:
 $L \times W \times D \times 5.9 =$ approximate gallons

Total gallons divided by 325,851.6 (gallons per acre foot) = Acre Feet

Directions: F-25 may be applied by a sprayer hose from the shoreline distributed along the length of the treatment area or from the back of a moving boat. It can be injected into flowing water using a chemical metering pump.

SHAKE WELL BEFORE USING.

Contains: Aluminum Chlorohydrate

KEEP OUT OF REACH OF CHILDREN

WARNING: Causes skin irritation.
Causes serious eye irritation.
May be corrosive to metals.

PRECAUTIONARY STATEMENTS: Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wear eye and face protection, long sleeves and rubber gloves. Wash thoroughly after handling. First Aid: If in eyes: Remove contact lenses, if worn. Immediately flush with plenty of water for at least 15 minutes. If eye irritation persists, get medical advice/attention. If on skin: Wash thoroughly with soap and water. Get medical attention if irritation develops. Remove and launder clothing before reuse. If swallowed: Do not induce vomiting unless directed to do so by a medical professional. Get medical attention if symptoms develop or if you feel unwell. If inhaled: Move to fresh air. If breathing is difficult or irritation persists, get medical attention. Storage and Disposal: Do not contaminate water, food or feed by storage or disposal. Store in original container only. Do not store in unlined metal containers. Keep out of reach of children. Dispose of waste and residues in accordance with local regulations.

Notice: Neither the manufacturer nor seller makes any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully.
