**formula** **F-10** **FOAMKILL**

**General Information:** F-10 FOAM KILL is a special, non-oily blend of silicone compounds. F-10 FOAM KILL is designed to easily disperse unwanted foam and surface scum from lakes, ponds, streams and fountains.

F-10 FOAM KILL eliminates foam and is highly effective in retarding foam formation. F-10 FOAM KILL ingredients are completely safe and compatible with all other water treatment products.

**Directions:** Apply F-10 FOAM KILL directly to foamy area. Use as often as needed to prevent foam build up.

**SHAKE WELL BEFORE USING.**

**Notice:** Neither the manufacturer nor seller make any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully.
